(a) identity × register
register only, no identity
human persona
AI persona
AI pole
midpoint
human pole
identity +114
register +337
axis points, layer 33
warm
formal
register instruction
(b) register split
whole axis
register-orthogonal (20% of norm)
register-parallel (98% of norm)
register direction, matched norm
baseline 0.025
injection execution, delta vs. baseline
median prose words
(c) PC1 split
whole axis
PC1 residual
PC1-parallel
baseline 0.008
median prose words
